Protection Agency
2200 Churchill Road
Springfield, Il. 62706

Dear Mr. Moore:

Enclosed is a letter from General Mills concerning waste products. Is this enough information that you can act or will we have to contact General Mills for more particulars? This information is from the United Facilities Food Warehouse on Henderson St. in Galesburg, Illinois.

If you need more information, please feel free to contact me at the Landfill; the number is 309-375-6795 and ask for Tom Wagher, Manager.

Sincerely yours,

Tom Wagher
Manager

RE: Waste Products from General Mills, Inc., Galesburg, ILL

This letter is to answer your inquiry as to the nature of the waste products shipped to the Knox County Landfill from our facility at Galesburg, ILL.

The waste from Galesburg consists solely of food products (manufactured for human consumption), the paper and cardboard packaging in which it is contained, and, occasionally, some plastic and aluminum packaging material.

The waste is disposed of either because the packaging has been damaged or because the food product is off grade.

The waste contains no toxic, corrosive or other characteristics which could cause environmental problems.

Sincerely,

Roger E. Roman

Inventory Deployment Manager
